Excellent fishing, a beautiful and challenging golf course, a full service marina and great accommodations are all available at Pickwick Landing State Park.

Pickwick Landing was a riverboat stop dating from the 1840s. In the 1930s, during the depression, the site was chosen for one of the Tennessee Valley Authority's dams on the Tennessee River. What comprises the park today was once the living area for the TVA construction crews and their families. The property passed from TVA to the Tennessee State Park system in the early 1970s.

In early 1999, the state began construction of a new 119-room inn and 6,000 square foot conference center. The new Inn opened July 1, 2001.
